Clinically Proven Results

The United States Food & Drug Administration (FDA)

has recently cleared a Low Level Laser Therapy (LLLT) device as a proven agent in promoting hair growth. The FDA study also indicated:

- 93% showed an average increase of 19 hairs per/cm after only 6 months of laser treatment. This double blind study used laser only and no products.

The International Journal of Cosmetic Surgery & Aesthetic Dermatology Clinical Results showed:

- 93% increase in hair among study participants using laser

HLCC Clinical Results

- 98+ % of our Clients have seen positive results
- 99% of our clients have no negative side effects
- HLCC clients have proven that using our treatment programs (laser plus products) stop hair loss and re-grow hair

PROVEN SUCCESS / INDUSTRY TESTIMONIALS

HLCC's Unique Business Model is
in use by both medical and
non-medical professionals with
equally impressive results

- Entrepreneur** *"We started a hair loss clinic from the ground up with HLCC. In our first year we helped more than 200 clients and made over \$1.2 million U.S. dollars in sales."*
Fredrik Nystrom - Hair Restoration Clinic, Stockholm, Sweden
- Med Spa** *"HLCC helped me add significant income to my practice, and more importantly, we are able to change people's lives by re-growing their hair."*
**Dr. Aditya & Dr. Kirti Kohli - General Practitioners & Med-Spa Owners
Manchester, England**
- Physician** *"As a board certified Dermatologist treating hair loss for many years, HLCC's laser treatment programs have given my patients, by far, the best results."*
Dr. Eliot Ghatan, FAAD, FRCPC - Consulting Dermatologist, Brooklyn, NY
- Hair Clinic** *"This is the best thing I've done for my clinic in the last twenty years."*
Eric Johnson - Hair Institute, Lexington, KY
- Salon Owner** *"I learned more from Bill at HLCC in the first two hours of training than I did at another company's three-day Florida hair loss seminar. HLCC helped us provide our clients with real results, while adding six-figures to our revenue in South Dakota - in just the first year. It works!"*
